

Meetings

General Meetings

Meetings of The Villages Tea Party are held on Mondays from 6:30pm to 8:00pm. Locations for the meetings may change from time to time. Watch the website for details about time, location, and agenda.

The Villages Tea Party meetings will feature prominent speakers covering a wide range of issues critical to our country's future. As an action and teamwork oriented organization, we will keep you informed about the work of our action committees and the good work of other Tea Parties and conservative organizations throughout the local area and country.

We are intent on having an impact on local, state, and federal elections by electing candidates who support our values. We intend to hold them accountable to their election commitments. We will vigorously defend our God given rights and freedoms. America IS exceptional and the last best hope for freedom in the world. We will work tirelessly to keep it that way.

Who We Are

Our Mission

The mission of **The Villages Tea Party** is to educate, organize, and motivate our fellow citizens to become involved in the political process. We intend to hold our elected public servants accountable to their campaign promises and will be strong advocates for our rights and values.

Our Members

We are a group comprised of concerned Americans who want to take part in improving our government by contributing our individual skills towards the support of our values. We are open to all who share our vision and want to have an active voice in our country's future.

Our Strategy

Our plan is to aggressively vet the candidates, define the issues, inform the voters and get out the vote. Our meetings will offer prominent speakers but will also contain a business element to highlight the work of the committees and needed assistance.

OUR CORE VALUES

- **Fiscal Responsibility**
- **Constitutionally Limited Government**
- **Free Markets**
- **Individual Freedom**

ACTION COMMITTEES

The Villages Tea Party has established a set of action committees who are given a set of responsibilities to benefit the membership and further the organization's mission and values. Below is a partial listing of the groups

Internet & Social Media

As a means of communicating our message to the widest population of voters, we will leverage the internet and available social media. Our website and emails will be the primary vehicle for communication. We will also utilize the social media, such as Facebook and Twitter, to get the word out to an ever expanding group.

Vetting & Legislative Action

We said we would hold our elected officials accountable and we intend to do that with a passion. And, of course, it is vitally important that we elect the "right" officials in the first place. Information about the candidates and what is happening at all levels of government will be sought and provided to ensue an informed voting population in our area.

Public Outreach

The Public Outreach Committee focuses on getting information out to the public. That is accomplished by having a presence at public activities such as farmer's markets, fairs, etc. This group also develops other marketing programs to educate voters on the issues.

Voter Initiatives

The Voter Initiatives Committee is involved with various efforts to get citizens registered to vote. Individuals in this group help staff telephone banks and polling stations.

Events Management

This group manages our public meetings and events providing planning, logistics, and speakers. They also provide the interface with other like-minded groups so we can team with them on mutually beneficial activities.

“My reading of history convinces me that most bad government results from too much government.”
